2013 MODEL YEAR ALTERNATIVE FUEL VEHICLE (AFV) GUIDE
GSA AUTOMOTIVE - PURCHASE PRICING
February 2013

ORDER AFVS THROUGH GSA AUTOCHOICE.

FUEL TYPE DESCRIPTIONS	
CNG	Compressed Natural Gas
CNG/GAS	CNG Bi-Fuel
DIESEL	Diesel Vehicle (Provided as Low Price Conventional Model)
DIESEL/B20 CAPABLE	Bio Diesel (B20) Compatible Engine
DIESEL HEV	Diesel Hybrid Electric Vehicle
E85	Flexible fuel ratio ranging from 100% gasoline to a maximum of 85% ethanol and 15% gasoline
E85 HEV	E85 Hybrid Electric Vehicle
EV	All-Electric Vehicle
GAS	Gasoline Vehicle (Provided as Low Price Conventional Model and/or as a Low GHG Model)
GAS HEV	Gasoline Hybrid Electric Vehicle
GAS PHEV	Gasoline Plug-In Hybrid Electric Vehicle
LPG	Liquefied Petroleum Gas (Propane)

Please note, a vehicle's presence in this guide is not a guarantee of item availability, but is a show of contract availability.

Incremental is defined as the price difference between the alternative fuel vehicle and the low priced gasoline fueled comparable vehicle.

Please confer with your FSR, AutoChoice, Vehicle Availability Listing or the Automotive Program Office to confirm availability.

2013 Model Year Diesel vehicles are all B20 capable. Line items in the guide with B20 capability are provided for informational purposes. B20 vehicles are not considered alternative fuel vehicles under the Energy Policy Act of 1992/2005 and the National Defense Authorization Act of 2008. The B20 fuel however may be counted under alternative fuel usage.

AFV MANDATE SUMMARY

Energy Independence and Security Act of 2007

Acquire only low-GHG-emitting vehicles (with certain exceptions)

Low GHG vehicles qualify as an AFV when the alternative fuel is unavailable

The Grams Per Mile (GPM) level will be set so that [approx.] 25% of cars and LD trucks will be considered low GHG emitting each model year. This applies to all cars, LD trucks, and Medium Duty Passenger Vehicles.

Medium Duty Passenger Vehicles (MDPVs) are defined as:
GVWR greater than 8,500 lbs. but less than 10,000 lbs

Designed to transport less than 12 passengers or less than 9 passengers rearward of the driver's seat

Not equipped with an open cargo area of 72 inches in interior length or more

MY 2013 EISA 141 Compliance Thresholds (maximum grams/mile CO2 emissions)	
Passenger Cars	330 g/mile
Light-Duty	415 g/mile
FFV Passenger	375 g/mile on E85
FFV Light-Duty Trucks*	460 g/mile on E85

Presidential Memorandum – Federal Fleet Performance

By December 31st 2015 all new light duty vehicles leased or purchased by agencies must be alternative fueled vehicles.

Agency alternative fueled vehicles must, as soon as practicable, be located in proximity to an alternative fuel source and use the designated alternative fuel.

Executive fleets are required to be comprised of midsize or smaller sedans (unless larger sedans are mission essential) and limit engine size and additional

Energy Policy Act 1992/2005 (EPAct)

Acquire 75 percent of light-duty vehicles (LDVs) as Alternative Fuel Vehicles (AFVs) in metropolitan

Use alternative fuels when available and reasonably priced
- The alternative fuel required for use in the vehicle is not reasonably available (within a 5 mile or 15 minute drive of the vehicles' garaged location) as certified to the Secretary by the head of the agency
- The cost of the alternative fuel required for use in the vehicle is unreasonably more expensive compared to a gallon of gasoline as certified to the Secretary by the head of the agency

Executive Order 13423

Increase alternative fuel consumption by 159.4 percent (10 percent annually over the previous year) by 2015, from a 2005 baseline

Use plug-in hybrids when commercially available at a lifecycle cost reasonably comparable to non plug-in hybrid vehicles

Executive Order 13514

Reduce petroleum consumption by 30 percent (2 percent annually) by 2020, from a 2005 baseline

Optimize number of vehicles in fleet

LOW GHG VEHICLES

*****All Light Duty & Medium Duty Passenger Vehicles not on this list will require the agency to self-certify a Functional Needs or Alternative Measures Exemption. For more information on either exemption please contact GSA Automotive*****
