C. Title												
D. Signature and Date Signed				E. Tele	phone 1	Number (<i>Indic</i>	ate DSN a	and comn	nercial Sho	w Area (Code)	

Instructions for Activity Requesting Information

Use the SF 75 to obtain pre-employment information when the applicant's Official Personnel Folder (OPF) or Merged Records Personnel Folder (MRPF) is not available for review. This most often occurs when the applicant works for a different agency, when the applicant works in the same agency but receives personnel service from another office, when the applicant's OPF/MRPF is on file in another agency even though the applicant is not employed there, or when the applicant's OPF/MRPF has been retired to the National Personnel Records Center (NPRC) but the last employer has most of the information needed.

Use the information provided on the SF 75 to: (1) verify information on the applicant's application; (2) make decisions regarding the applicant's eligibility for appointment, pay and benefits; and (3) to complete the processing necessary.

The SF 75 may **not** be used for any other purposes (such as to obtain references or to voucher a prospective employee). Be sure to request SF 75 information sufficiently in advance of the projected date of the action to enable the office that receives the form to complete and return it or to provide the information by telephone before the effective date of the employment action.

You may request SF 75 information by telephone or be mail. When requesting the information by mail, complete Part I and circle the items in Part II that are needed. If additional information is required (e.g., dates of a detail, the number of hours an intermittent employee has been in pay and duty status, etc.), list it in Item 9 of Part I.

After you receive the SF 75 information, follow your agency's procedures to refer the form to the personnel specialist who will effect the appointment

Instructions for Activity Providing Information

The name of the person on whom information is requested is in Part I, Item 1, of this form. Use the most recent SF 50 on which the data appear to complete Part II, Sections A and B. Use the OPF/MRPF, Employment Performance Folder (EPF), and the agency information systems that include adverse action, and agency security/suitability files to complete Part II. Contact the Payroll office to complete this Part as well. Review both the right (long-term records) side of the OPF/MRPF and left (temporary records).

Instructions for Filing the SF 75

Agencies must prepare an accounting of disclosure for release of information outside the agency, unless the agency as the employee's prior written consent to release the information. This should be done for each system of records used to prepare the information. The accounting of disclosure for OPF information should be put on the right side of the OPF/MRPF. The accounting of disclosure need only be a statement that "SF 75 information on (name of employee) was disclosed to (name and address of agency) on (date)." If the gaining office has the employee's written consent to get pre-employment information from the current agency, no accounting of disclosure is necessary. Example: OF 306 includes a section where applicant consents to release of information about ability and fitness by employers, etc.
