Welcome to GSA Fleet!

Welcome to GSA Fleet – one of the largest Federal fleets in the U.S. Government. Since we began in 1954, we have been providing quality vehicles and fleet management services to over 75 Federal agencies. Our Fleet has grown over the decades from a few sedans to more than 190,000 vehicles including automobiles, light, medium, and heavy trucks, buses, ambulances and special-purpose equipment.

We serve our customers on a cost basis, which makes it possible to offer you all-inclusive rates that are second to none. The foundation for our quality and efficiency rests in our wide reaching geographic network ready to provide the support you need. The GSA Fleet network includes GSA Fleet Regional Offices, Fleet Management Centers (FMCs), Fleet Service Representatives (FSRs), our Maintenance Control Center, (MCC), and our Accident Management Center (AMC).

This directory lists our Regional Offices, and the network of Fleet Management Centers and Offices that supports this growing operation. They span the United States, Puerto Rico, and are there to serve you--our valued customer--from acquisition through operations and disposal.

Our Fleet Service Representatives are your primary points of contact with GSA Fleet. They are there to serve and assist you with your individual fleet needs. Every vehicle in our fleet is assigned to a Fleet Service Representative and that individual is responsible for the vehicle from the time that it's ordered until it's taken out of service. For individual FSR information contact your servicing region.

Our national Maintenance Control Center manages

the maintenance and repair of all GSA Fleet vehicles. The MCC uses over 30,000 private sector vendors to ensure convenience for your operation.

To reach the MCC call 1-888-622-6344.

Our national Accident Management Center provides comprehensive accident management for all GSA Fleet vehicles. The AMC administers our accident-reporting program, procures vehicle repairs, bills agencies or third parties when at fault, and answers customer inquiries regarding accidents.

To reach the AMC call 1-800-325-2958.

A listing of FMC's is also available at our website, **www.gsa.gov/gsafleet**. We encourage you to use this site for the most up-to-date listing. However, if you would like additional copies of this directory, contact your local GSA Fleet Management Center.

As a GSA Fleet Customer, you have access to "GSA Fleet Drive -Thru" – A fully automated system that allows customers to enter vehicle mileage, generate inventory reports, and input accounting information for all their GSA Fleet vehicles. Visit GSA Fleet Drive -Thru at **www.gsa.gov/gsafleet**.

Also, GSA Fleet customers with 20 vehicles or less may use our telephone mileage reporting system – "Dial-a-Mile". Call our toll free number, **1-866-472-6711**, for assistance and information.

Questions or comments concerning the GSA Fleet may be directed to any of the GSA Fleet Offices listed in this directory.

We look forward to fulfilling all your fleet management needs.
