

**PROSPECTUS - ALTERATION
CHILDCARE SYSTEMS AND SECURITY
VARIOUS BUILDINGS**

Prospectus Number: PCS-0001-MU22

FY 2022 Project Summary

This prospectus proposes to identify security vulnerabilities at each childcare center located in a GSA-controlled building and to expedite action to upgrade these buildings to the minimum security standards during fiscal year (FY) 2022.

FY 2022 Committee Approval and Appropriation Requested\$45,000,000

Program Summary

As part of its childcare systems and security efforts, GSA currently is identifying projects in Federal buildings through physical inspection of security countermeasures and studies. These projects will vary in size and location. Typical projects include:

- Coordinate with security agencies to verify that security cameras are operating as required.
- Install, repair or replace, as necessary, outdoor playground security countermeasures that currently do not meet security standards.
- Perform progressive collapse assessments at buildings and implement countermeasures to prevent vulnerabilities identified.
- Undertake heating, ventilation and air conditioning systems repairs or replacements, as necessary, to conform to standards for ventilation and indoor air quality.

Justification

This program provides funding to address security vulnerabilities identified at various childcare centers in GSA’s inventory. The projects in this program are based on studies conducted by GSA. Completion of these proposed projects will improve the security vulnerabilities at the childcare centers.
