

PROSPECTUS – LEASE
U.S. DEPARTMENT OF VETERANS AFFAIRS
PRINCE GEORGE’S COUNTY, MD

Prospectus Number: PMD-19-VA23
Congressional Districts: 4,5

Executive Summary

The U.S. General Services Administration (GSA) proposes an outpatient clinic lease of approximately 85,116 net usable square feet (NUSF) for the U.S. Department of Veterans Affairs (VA) currently located in two leases totaling 9,780 NUSF in the vicinity of Washington, DC, and Prince George’s County, MD.

The lease will be delegated to VA, provide continued services for the Prince George’s County veteran community, and provide the necessary expansion services to meet current and projected service delivery gaps for healthcare in the local market.

Description

Justification

A new 85,116 NUSF lease in Prince George’s County will replace and consolidate two existing leases in the Prince George’s County market, including the existing Southern Prince George’s County Community-Based Outpatient Clinic (CBOC) and the Southeast Washington, DC, CBOC.

The current space in these facilities is insufficient to meet the projected needs of the veteran community. Space limitations and an increase in workload limit veterans’ access to services in a timely manner.

The new facility will enhance VA outpatient services by closing space and utilization gaps identified in VA’s Strategic Capital Investment Planning process and will provide a single location in the Prince George’s County area to serve the outpatient care needs of veterans and their families. The new lease will allow VA to provide comprehensive primary care, mental health, and specialty care services to the veteran population in the Prince George’s County area in a rightsized and state-of-the-art healthcare facility.

Summary of Energy Compliance

The Government will incorporate energy efficiency requirements into the Request for Lease Proposals and other documents related to the procurement of space based on the approved prospectus. The Government encourages offerors to exceed minimum requirements set forth in the procurement and to achieve an Energy Star performance rating of 75 or higher.

Resolutions of Approval

Resolutions adopted by the House Committee on Transportation and Infrastructure and the Senate Committee on Environment and Public Works approving this prospectus will constitute approval to make appropriations to lease space in a facility that will yield the required net usable area.

Interim Leasing

The Government will execute such interim leasing actions as are necessary to ensure continued housing prior to the effective date of the new lease. It is in the best interest of the Government to avert the financial risk of holdover tenancy.

Certification of Need

The proposed project is the best solution to meet a validated Government need.
