## 2023 Completed Green Building Certification System Surveys

This appendix includes the complete survey submissions of each green building certification system owner participating in Phase II of GSA's review. The survey contains three parts:

1. Part I: General Information Questions
2. Part II: Effectiveness Criteria Questions
3. Part III: Development and Conformance Criteria Questions.

Green building certification system owners completed Parts I and III only once, regardless of the number of relevant programs or system types they owned. However, system owners completed Part II for each relevant program or system type. GSA received the following submissions:<sup>1</sup>
