9. In no event shall the lessor enter into negotiations concerning the space leased with representatives of Federal agencies other than Contracting Officers and their designated representatives of the General Services Administration.

10. The total percentage of space occupied by the Government under the terms of the lease is equal to 100% percent of the total space available in the lessor's building, and will be used as the basis for computing the Government's pro-rata share of real estate taxes, as defined in the Annual Real Estate Tax Escalation Clause. The percentage of occupancy is derived by dividing the total Government space of 8,662 rentable square feet by the total building space of 8,662 rentable square feet.

11. For purposes of determining the base rate for future adjustments to the operating cost, the Government agrees that the base rate of \$4.08 per ANSI/BOMA Office Area Square Foot is acceptable. This figure includes the Government's pro-rata share of operating costs.

12. Notwithstanding any other provision of this agreement requiring the Government to give notice to exercise any option contained herein for extension of the lease for additional space in the facility, or for purchase of the facility, the lessor shall notify the Contracting Officer, in writing, at least thirty (30) calendar days and no more than sixty (60) calendar days prior to the time the option must be exercised. In the event the lessor fails to notify the Government, as required by this paragraph, the Government shall have the right to exercise the option at anytime prior to the expiration of the lease. If GSA exercises the option to renew the lease, said rental will be based on the amount of operating cost adjustments accrued up to date of renewal and calculation on the basis of the new adjusted base rate for services and utilities.

13. Lessor shall complete the building shell as defined in the lease and complete all alterations, improvements, and repairs required by this lease, and deliver the leased premises ready for occupancy by the Government within one-hundred twenty (120) calendar days from the date of notice to proceed with the construction of the tenant improvements. When Lessor has completed all such alterations, improvements, and repairs, Lessor shall promptly notify the Contracting Officer, who shall promptly cause the same to be inspected. Upon the date of completion of such alterations, improvements, and repairs and inspection and acceptance by the Government, the term of this lease shall commence and shall continue for ten (10) consecutive calendar years. The

The Government, at its election, may pay lump sum for Tenant Improvements. If this occurs, the rent shall be reduced proportionately using the 6.00% amortization rate.

If the Government spends more than the allowance identified above, the Government reserves the right to 1) reduce the Tenant Improvement requirements, 2) pay lump sum for the overage upon completion and acceptance of the improvements, or 3) increase the rent according to the negotiated amortization rate over the firm term of the lease.
